

# “The Plastic Brain – Changes in Brain, Cognition and Behaviour”

## 13th Nordic Meeting in Neuropsychology

August 22-24, 2018

Clarion Sign Hotel, Stockholm, Sweden

We are glad to invite you to the beautiful city of Stockholm in the summer of 2018!

Our aim is to bring together researchers and clinicians for fruitful interaction. There will be three days of keynote lectures, symposia, oral sessions and poster presentations.

Keynote speakers include:

- “When Psychological and Neural Trauma Co-occur: PTSD and Mild Traumatic Brain Injury”  
Professor Jennifer J. Vasterling
- “Utilization of Advanced Neuroimaging in 21st Century Neuropsychology”  
Professor Erin Bigler
- “Stability and change in developmental language disorders”  
Professor Courtenay Frazier Norbury
- “Risks and Consequences of Chronic Pain”  
Professor A. Vania Apkarian
- “Neuropsychology of Preschoolers: A Focus for the Future”  
Professor Ida Sue Baron

*For more information about the speakers and rest of the program please visit the website for more information!*

*There you also find instructions how to submit abstracts.*
